BLAZE

Plant Patent No. 10

The everblooming Paul's Scarlet Climber. Immensely popular last season, and a splendid profit maker. You will need this rose. We offer, for resale at retail only, strong field-grown plants. See prices below.

GOLDEN CLIMBER

Mrs. Arthur Curtiss James

Plant Patent No. 28

A truly hardy, real yellow climbing rose. Will fill the demand for a yellow climber with rich deep color and sufficient size, form, and stem, for cutting. The flowers are produced in June over a long period and established plants will bloom occasionally during the Summer and Fall. We offer, for resale at retail only, strong field grown plants.

Prices for Blaze and Golden Climber.

Retail:	\$2.00 each.	\$20.00 per doz.
Wholesale:	Less than 10	\$1.50 each
	Less than 25	1.25 each
	25 or more	1.00 each

FLOWERING CRABS

Small trees excellent for lawns and backgrounds. Splendid for growing in pots or tubs and forcing in early Spring. They force easily and bring good prices. The cut branches are excellent for cutting.

Strong, Blooming Size Trees

3-4 ft.	\$4.50 per 10	\$40.00 per 100
4-5 ft.	6.00 per 10	50.00 per 100

Atrosanguinea. 10 ft. Single red flowers.

Baccata. 20 ft. Single white, fragrant flowers, yellow or red fruit.

Bechtels. 10 ft. Large, double, pink, rose like blooms, sweetly scented.

Eleyi. 15 ft. Red leaves, flowers, fruit and stems.

Floribunda. 15 ft. Pink buds with single white flowers, yellow fruit.

Spectabilis. 15 ft. Delicate double pink, sweetly scented flowers.

Scheideckeri. 12 ft. Double pink flowers in clusters, yellow fruit.

Waldeck Rosseau. Soft pink, semi-double. A choice variety.

Collection one each of above 12 varieties \$3.50

Lilac Jan Van Tool

HARDY PERENNIALS

AND

ROCK PLANTS

The demand for Hardy Perennials increases each year. The Rock Garden fad has become a fixed thing and each year sees an increasing call for the better items. Be sure you have a sufficient supply for your needs.

Cut flowers are often at a premium during certain periods of the summer and many perennials can be found that will help fill the gaps. We make a trial offer of a number of the most popular cut flower items and hope that you will try them. Remember, they require no expensive greenhouse space or heat, but will produce their blooms with only a little care.

Early planting always gives best results and we recommend that you place your order as soon as possible for delivery at the proper planting time for your locality. Dormant plants ship better and there is a saving on forwarding charges.

PRICES: 1-3 of a variety at the each rate which is 5c added to the 100 rate. 4-24 plants at dozen rate. 25 or more at 100 rate.

Varieties marked (r) suitable for Rock Garden.
Varieties marked (c) suitable for Cutting.
Varieties marked (s) will grow in Shade.

THE NEW DAWN
New Hardy Everblooming Climbing Rose
Plant Patent No. 1

"THE NEW DAWN"

Plant Patent No. 1

EVERBLOOMING CLIMBING ROSE

See Color Plate on Reverse Side

Introduced by Somerset Rose Nursery, Inc.

The NEW DAWN has the distinction of being the first plant granted a U. S. Patent. It combines all the desirable characteristics of the old Dr. Van Fleet, with the added advantage of being the first hardy climbing rose that really

BLOOMS THE ENTIRE SUMMER

The well formed, fragrant, blush-pink flowers, which NEW DAWN produces in wonderful profusion, have long stems, which make them especially fine for cutting. A tried and tested novelty. Thousands are growing and blooming all over the world, and the popular demand for the NEW DAWN is increasing with each season.

We can supply Handsome Colored Prints of NEW DAWN, at 1 1/2c each, in any quantity. Special License to resell at wholesale may be obtained on request.

Retail: \$1.50 each. \$15.00 per doz.

Wholesale: \$1.00 each.

25 or more .75 each.

250 or more .65 each.

All patented plants are offered for resale at retail only, except when sold under license.

SOMERSET ROSE NURSERY, Inc.

NEW BRUNSWICK, N. J.

		Doz.	100
r	PLUMBAGO <i>Larpentae</i> (Leadwort). Forms masses of dark green leaves covered with intense blue flowers in summer and fall. 6-8 in.	1.20	8.00
c	POLEMONIUM <i>Coeruleum</i> (Jacobs Ladder). Clusters of rich blue flowers on strong stems. May-June. 18 in.	1.20	8.00

	WALLFLOWERS. Favorite European plant. Spikes of fragrant vari-colored flowers in early Spring. Field grown plants. 1 ft.	1.20	8.00
	YUCCA <i>Filamentosa</i> (Spanish Bayonet). Tall spikes of creamy white flowers with evergreen swordlike foliage in June and July. 5 ft.	1.50	10.00

SEEDS

Each year we collect seed from selected plants. We usually have a surplus and this season we can again offer choice seed of the following varieties. This is the same seed we sow for ourselves and we believe the average is better than usually offered.
